

## Portrait Profile – Mikayla “Mika” Hack

Hi! My name is Mikayla Hack, although my coaches call me “Mika. I am 14 year old and I play for the Estevan Sharks Waterpolo club and represent Team Saskatchewan as well! Currently I attend Estevan Comprehensive School (ESC)

I have been playing water polo for 6 years now and I have my sister Taeghen and friends Alex and Josie to thank for me joining. We all joined together and when Alex and I took a one-year-break, Taeghen and the twins suggested I join again.

I would recommend anyone who loves swimming to try out water polo, that’s already half of what you need! I also love playing to compete with or against my friends. It is also a great way to meet new people and make a ton of friends

My favourite water polo memory is probably my first trip to Calgary when all of team Sask team took a charter bus. My chaperone and teammates were so nice to me and our team won bronze.

Outside of water polo, since I spend a lot of time in the pool training and travelling with the team I love to read in my free time and hang out with my friends
